August 22, 2020

## To All Chapter Presidents Silliman Alumni Chapters

Dear Fellow Alumni:

Please be informed that the Silliman Alumni Association Inc.'s Annual Convention is hereby **CANCELLED**.

After much deliberation in its various virtual on-line meetings since June 12, 2020, the current SAAI Board of Directors have made the decision to declare the cancellation of this year's national convention scheduled on August 26, 2020, Dumaguete City and to place the 2019-2020 National Officers in holdover capacity until such time that the election of new members of the Board and officers can be held on or before August of 2021. Please be assured that the current officers and directors are committed to continue performing their mandate to the best of their ability under these challenging circumstances.

With great regret caused by the effects of the COVID-19 pandemic, we accept that Sillimanians from all over the Philippines and the world will not get the chance to come home to our Alma Mater to attend the convention and to physically celebrate the 119<sup>th</sup> Silliman University Founder's Day.

Nonetheless, no matter the severity of the current health crisis, we will keep on hoping that someday soon we will rise above this tragedy and meet each other, once again, in our dear old Silliman.

May God Bless us All.

Yours sincerely,

  
Cecilia Idrenne T. Camacho  
Executive Secretary
